FACULTY FEEDBACK AND ACTION TAKEN REPORT ON CURRICULUM (2021-2022)

S.NO	FEEDBACK	ACTION TAKEN
1.	How do you rate the transformation of your students after the completion of the course	An overall development of the students is important that includes clinical as well as humanitarian on humanitarian grounds. Value added courses on intellectual development will be implemented.
2.	How do you rate the programs based on the comfort of your Students in coping with the workload	The clinical and theoretical hours will be divided depending upon the workload of the students. Mentors will be instructed to do regular meetings with their respective mentees/students and recognize the areas of problems in understanding the dental curriculum and completing their clinical workload.
3.	How do you rate the outcomes that your student has achieved from the courses	Learning outcomes are statements of the knowledge, skills and abilities individual students. Learning outcomes will be made specific, well defined, and realistic and will be framed in terms of the program instead of specific classes that the program offers. Finally the learning outcomes will also align with the program's curriculum and will made to be focus on learning products and not the learning process.
4.	How do you rate the Course Content activities that help your students in getting jobs and placements	The course content will be redefined in such a manner that includes various methods to teach advance dental skills , which will include innovations, motivational changes, and various factors which are responsible for quality dental delivery and help in facing job interviews.
5.	How do you rate the college activities that help your students in getting jobs and placements	Various CDE/Webinars/Conferences/Symposium will be organized based on -Training students on latest dentistry oriented skills, help in preparing a professional and standard CV, conducting mock interviews and MCQ based tests and establishing

FACULTY FEEDBACK AND ACTION TAKEN REPORT ON MDS CURRICULUM

(2021-2022)

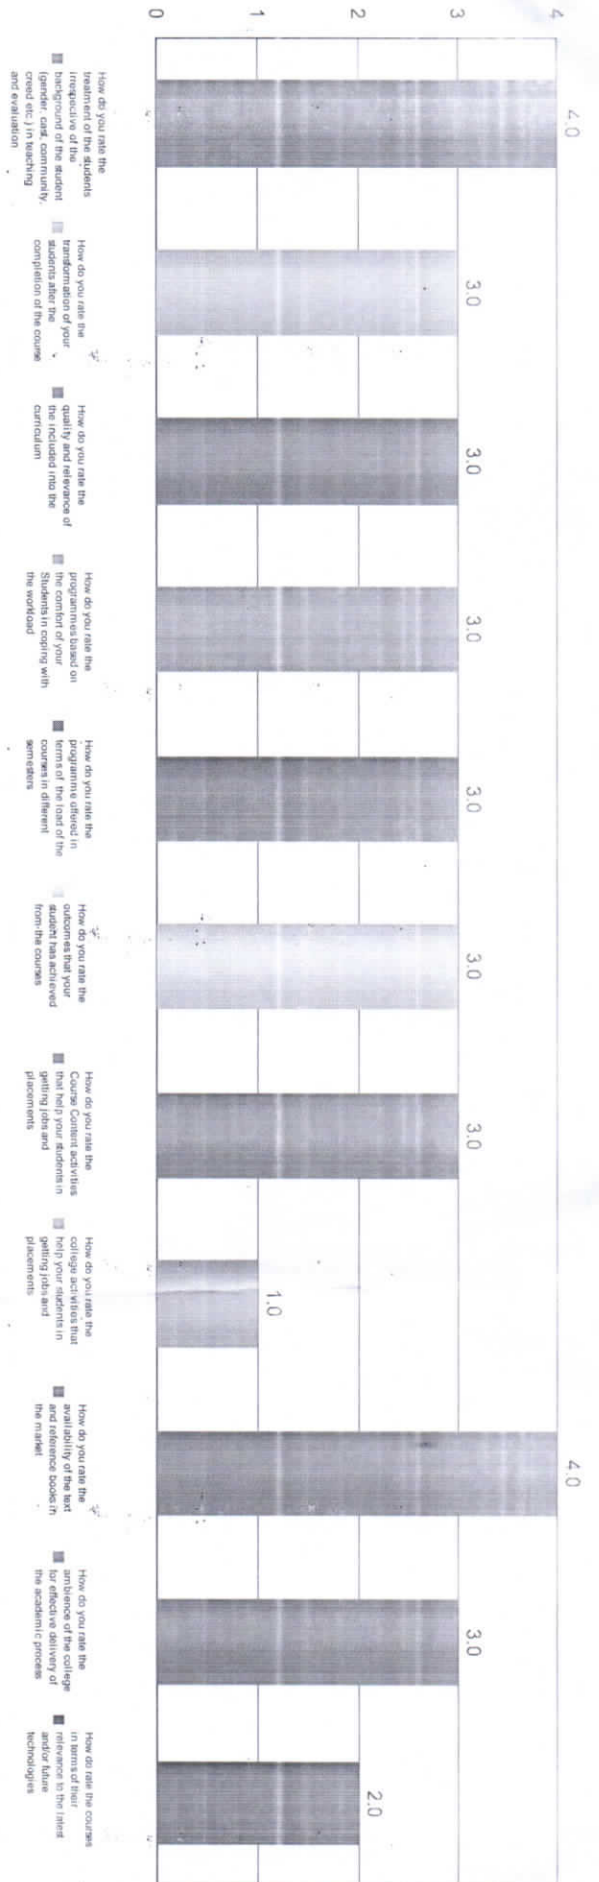

S.NO	FEEDBACK	ACTION TAKEN
1.	How do you rate the transformation of your students after the completion of the course	An overall development of the students is important. Grooming of students will be done by the faculty on both personal and professional fields
2.	How do you rate the programs based on the comfort of your Students in coping with the workload	The clinical and theoretical hours will be divided depending upon the workload of the students. Students will be monitored throughout the program to keep completing their work assigned and recognize the areas of problems in understanding the curriculum and completing their clinical workload.
3.	How do rate the college activities that help your students in getting jobs and placements	MDS staff instructed to guide students on employment at departmental level
4.	How do you rate the availability of the text and reference books in market	Faculty Pointed that many books are difficult to purchase due to unavailability or high price. This disturbs the studies of the students hence MDS staff instructed to share soft copies of such books

Curriculum Program Feedback Analysis [Faculty], Session : 2021-2022

Feedback (2021-2022)

Feedback	Action-taken report
a. How do you rate the programmes based on the comfort of the students in coping with the workload	Students are expected to cope with the curriculum workload and the staff would be instructed to ease the pressure on the students by segmenting the academic activities on priority basis and complete the same on periodic basis.
b. How do you rate the availability of text and reference books in the market	Reference text books not available is a major issue that could be tackled by using online resources like e-text books and online articles.

DEPARTMENT OF PERIODONTOLOGY

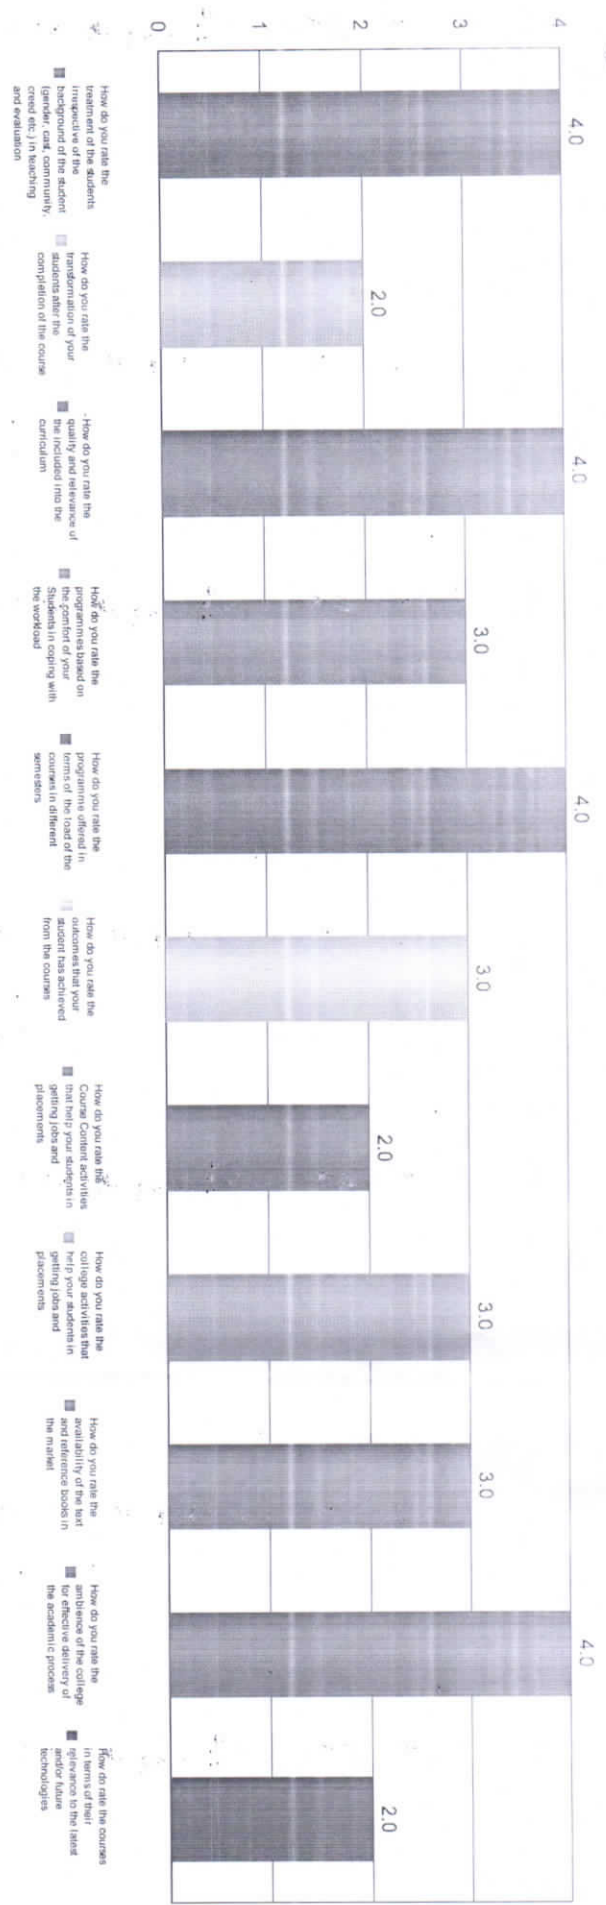

FACULTY FEEDBACK ANALYSIS AND ACTION TAKEN REPORT ON MDS CURRICULUM – 2021-22

S.NO	FEEDBACK	ACTION TAKEN
1.	How do you rate the transformation of your students after the completion of the course	Evaluation is done by conduction of periodic theory and practical examinations, presentation of seminars, journal clubs, case presentation etc.
2.	How do you rate the course content activities that help you students in getting jobs and placements	The dental courses are divided into theory and clinical classes for better understanding of the subject. As dentistry is more of a clinical orientation, job emphasis is made to provide students with more of clinical exposures by increasing their practical hours and camp/field visits etc.
3.	How do you rate the course in terms of their relevance to the latest and/or future technologies	Relevant advanced instruments and methods were included in their training course.
