Faculty Feedback and Action Taken Report 2022-23

S.No.	Feedback	Action taken
1.	How do you rate the programs based on the comfort of your students in coping with the workload?	The Department of Mechanical Engineering will try to cope up this issue by considering the factors that can give the solution to this statement and those are teaching methodology, support services such as counseling and academic advising, etc, access to resources like libraries, laboratories, and technology, as well as the availability of study materials, availability of faculty members for guidance and assistance, provide flexibility of the program in accommodating student's schedules and need. In order to improve their capacity to handle the demands of their workload, students can also take advantage of the tools offered by the school, which include study skills help and time management courses.
2.	How do you rate the courses in terms of their relevance to the latest and/or future technologies	The Department of Mechanical will update the curriculum for the bachelor degree program based on the previous BOS's suggestions, adopting faculty feedback and including advanced and skill-oriented content in optional subjects as well as beginning skill-oriented short-term courses.

FACULTY FEEDBACK AND ACTION TAKEN REPORT 2022-23

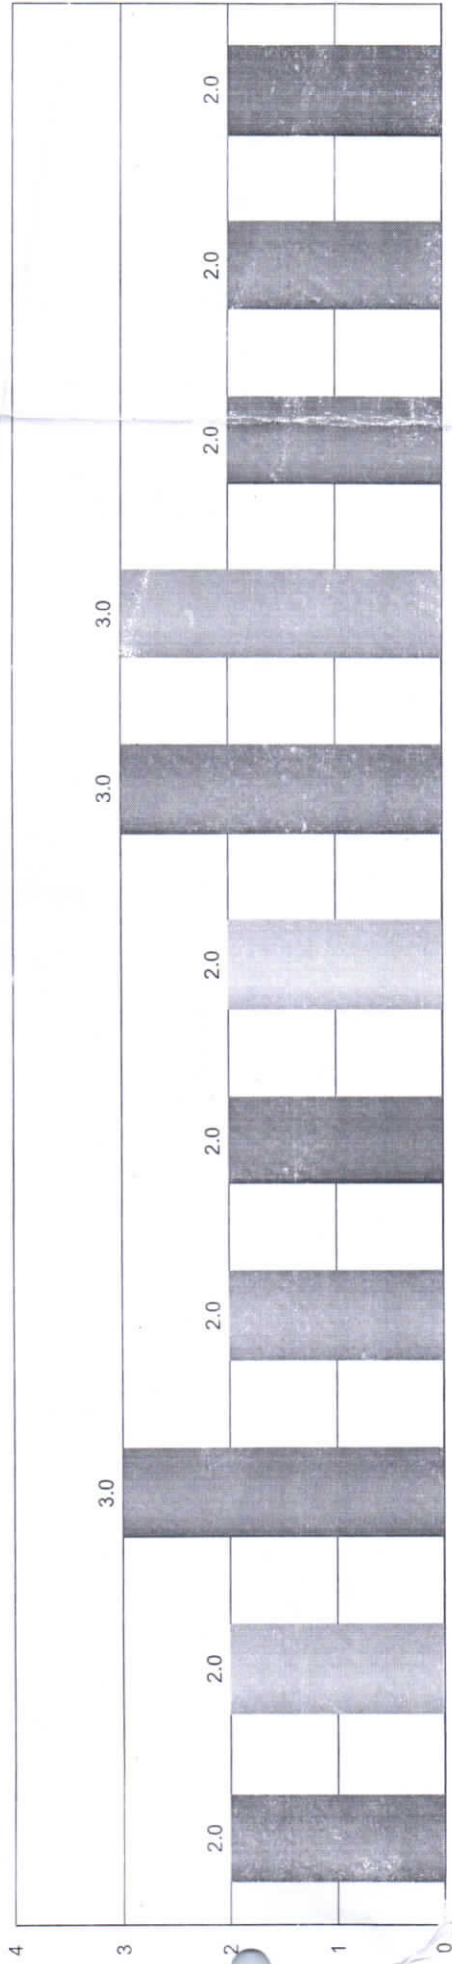

Program: B.C.A

Sr. No.	Parameters	Action Taken
1	How do you rate the treatment of the students irrespective of the background of the student (gender, cast, community, creed etc.) in teaching and evaluation	➤ Will Provide the diversity training for educators to address biases.
2	How do you rate the transformation of your students after the completion of the course.	➤ Will Conducting follow-up interviews to understand practical applications of course learning.
3	How do you rate the programs based on the comfort of your Students in coping with the workload	➤ Will Provide academic support services, such as tutoring and counseling.
4	How do you rate the programme offered in terms of the load of the courses in different semesters	➤ Will Implement workload analysis to ensure balanced distribution across semesters.
5	How do you rate the outcomes that your student has achieved from the courses	➤ Will Utilizing rubrics and benchmarks for objective evaluation of achieved outcomes.
6	How do you rate the availability of the text and reference books in the market	➤ Will Collaborate with publishers to ensure timely availability of course materials.
7	How do you rate the ambience of the college for effective delivery of the academic process	➤ Will Upgrade the classroom facilities with modern infrastructure and comfortable seating arrangements.
8	How do rate the courses in terms of their relevance to the latest and/or future technologies	➤ Will Collaborating with industry experts to incorporate emerging technologies into the curriculum.

Curriculum Program Feedback Analysis [Faculty], Session : 2022-2023

How do you rate the attainment of the students irrespective of the student gender, race, community creed etc. in teaching and evaluation.

How do you rate the transformation of your students after the completion of the course.

How do you rate the quality and relevance of the included into the curriculum.

How do you rate the progress of your students in coping with the workload.

How do you rate the progress offered in terms of the kind of the courses in different semesters.

How do you rate the outcomes that your student has achieved from the courses.

How do you rate the Course Content activities that help your students in getting jobs and placements.

How do you rate the Course Content activities that help your students in getting jobs and placements.

How do you rate the availability of the text and reference books in the market.

How do you rate the ambience of the college for effective delivery of the academic process.

How do you rate the courses in terms of their relevance to the latest and/or future technologies.
