Faculty Feedback and Action Taken Report 2021-22

S.No.	Feedback	Action taken
1.	How do you rate the programs based on the comfort of your students in coping with the workload?	The Department of Mechanical Engineering will try to cope up this issue by considering the factors that can give the solution to this statement and those are teaching methodology, support services such as counseling and academic advising, etc, access to resources like libraries, laboratories, and technology, as well as the availability of study materials, availability of faculty members for guidance and assistance, provide flexibility of the program in accommodating student's schedules and need. In order to improve their capacity to handle the demands of their workload, students can also take advantage of the tools offered by the school, which include study skills help and time management courses.
