

RAMA MEDICAL COLLEGE HOSPITAL & RESEARCH CENTRE

(Estd by : Rama Education Society, Recognised by M.C.I. & Govt. of India)

RAMA UNIVERSITY, UTTAR PRADESH

Program – M.B.B.S.

Students feedback analysis and action taken report: 2023-24

Further action is taken by the Curriculum Committee and Board of Studies based on the feedback analysis and the suggestions put forward by the students.

| S. No. | Suggestions from students in feedback | Action taken report |
|--------|---------------------------------------|---|
| 1. | Improve infrastructure | Since the time the intake of MBBS students was increased from 100 students per batch to 150 students per batch, there has been steady improvement in the infrastructure to cater to the increased number. This includes improvements in lecture halls, demonstration halls, library, hostel and mess. |
| 2. | Improve toilet | A dedicated safaiwala has been detailed by HR for the toilets for the students in all the floors so that regular and frequency of cleaning the toilet is ensured. Towel, hand wash and sanitizers have been provided. |
| 3. | Better management | The faculty and staff is as per the minimum standard requirement prescribed by NMC. Library is manned by competent librarians and is well stocked. The Boys & Girls hostels have Assistant Warden and a Warden who live in the hostel. Chief Wardens of each hostel are chosen from the Faculty Members and are vigilant for all the hostel affairs. There is a Mess Committee headed by Dean (Student Welfare) with members from each batch of students, Interns residents. This committee looks after the meal arrangement. Anti-ragging committee and Gender-harassment committee are active and approachable. |
| 4. | Reduce weekly schedule | Weekly schedule cannot be reduced. The classes and practical/clinical has been arranged as per the requisite number of hours specified by NMC. |
| 5. | Provide more cadaver | Eight more cadavers have been procured, making it to one cadaver per 10 students which is the requirement by NMC. |
