

Students feedback suggestions and action taken report

Programme- B.Sc Nursing 2021-2022

Undergraduate Feedback will be focused on curriculum, syllabi, teaching and learning. Students suggestions will be taken into consideration and after discussion with the appropriate members, action based on suggestions will be implemented to facilitate students in every possible way.

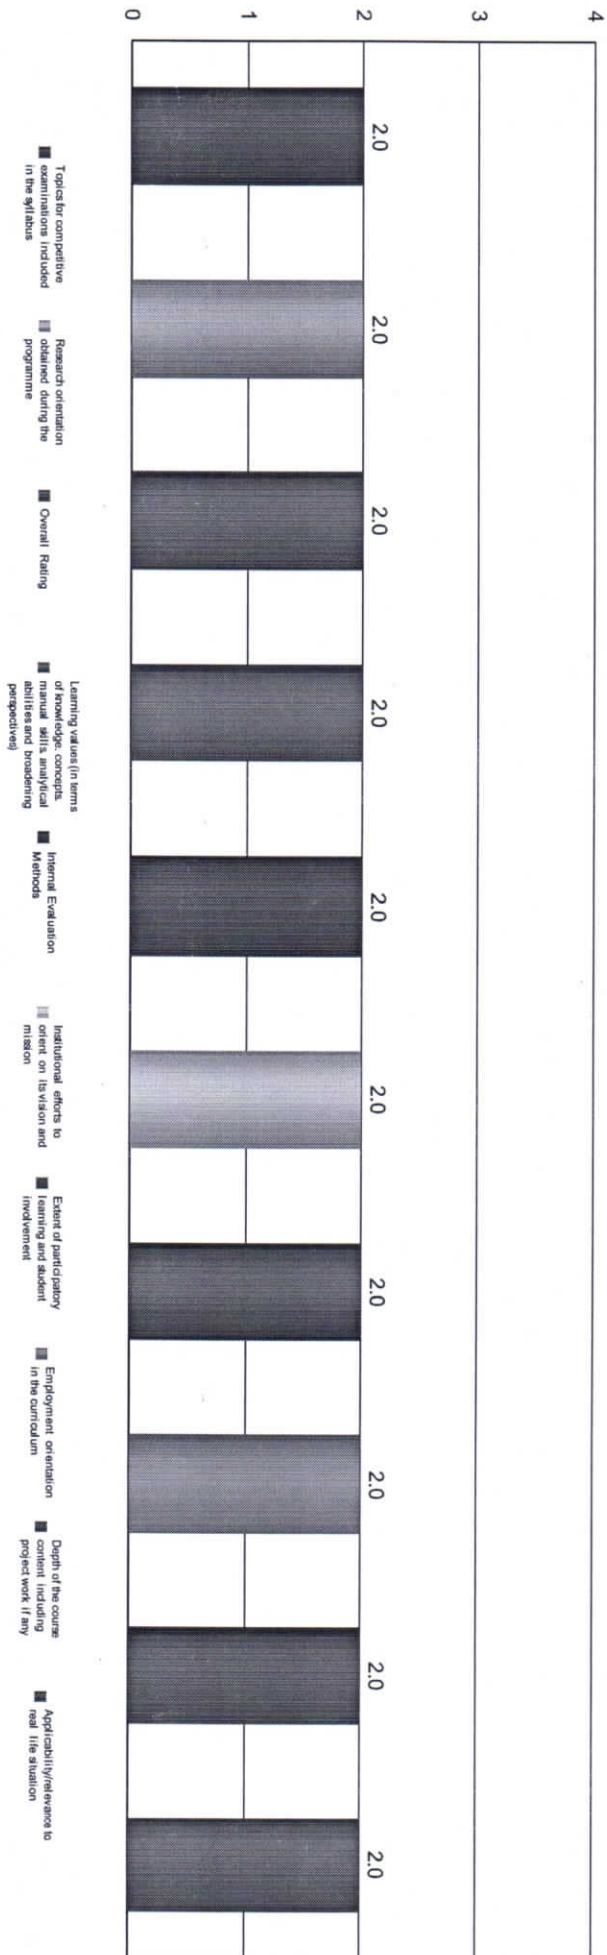

S.No	Suggestion	Action taken
1	Students suggested conducting more seminars, workshops to facilitate holistic learning.	Students will be encouraged to participate in interdepartmental seminars, workshops, role plays, model making & Quiz competitions to facilitate learning.
2	Students requested for more mentor – mentee interactions in clinical subjects	Mentor mentee interactions will be increased and events involving more interactions like small group teaching, case presentation and identification of slow learners will be encouraged
3	Students suggested to conduct more postings and outreach programmes.	Regular clinical posting and outreach programmes will be conducted both in clinical and community setting to understand local population health issues.
4	Students wanted more hands on training for procedures like injections and IV line.	Skill lab training will be organized to train them for the minor clinical procedures
